A Card.

Editor The Advertiser:

Please allow me space to say that without regard to the matter of whether I would have competition or not, I had fully intended to do, as I have done heretofore, attend the campaign meetings, that I might again meet and mingle with the people. Four weeks ago I was stricken with sciatica which has brought such suffering as to render it very doubtful whether or not I shall be able to join the campaign party. However, I still hope that I may be able to join my friends.

It is scarcely necessary for me to assure the good people of this county, that I fully realize that my record is known of all men and that the failure to go on the campaign tour would not affect the result.

I am persuaded that long service will be no barrier to re-election. The officeholder is a servant, a laborer, employed by the people and long service, like the long service of the engineer, artisan or laborer, only fits him for serving better. With deepest gratitude to the people,

Respectfully,
O. G. Thompson.

Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment" writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers.
